

name	domain	function
__cfduid	.jquery.com	used to identify individual clients behind a shared IP address and apply security settings on a per-client basis.
__cfduid	.getbootstrap.com	used to identify individual clients behind a shared IP address and apply security settings on a per-client basis.
_ga	.getbootstrap.com	used to identify unique users and it expires after 2 years. #2 _gat cookie which is used to throttle the request rate and it expires after 1 minute. These cookies are set on the top-level domain so that users can be automatically tracked across sub-domains without any extra configuration.
__atuvc	www.jqueryscript.net	created and read by the AddThis social sharing site JavaScript on the client side in order to make sure the user sees the updated count if they share a page and return to it before our share count cache is updated.
__utmz	.airspacegallery.org	contains the traffic source information in Urchin tracker format. It contains information about how and when an individual visitor hits your site for the FIRST time. That means whenever the visitor comes back to your site, this value remains unchanged.
exp_csrf_token	.airspacegallery.org	used to protect against Cross Site Request Forgery (CSRF). A CSRF attack forces a logged-on victim's browser to send a forged HTTP request, including the victim's session cookie and any other automatically included authentication information, to a vulnerable web application. This allows the attacker to force the victim's browser to generate requests the vulnerable application thinks are legitimate requests from the victim.
__gads	www.jqueryscript.net	associated with the DoubleClick for Publishers service from Google. It serves purposes such as measuring interactions with the ads on our domain and preventing the same ads from being shown to you too many times.
exp_tracker	.airspacegallery.org	Tracks the last 5 pages viewed by the user, and is used primarily for redirection after logging in etc.
exp_flash	.airspacegallery.org	A data file that is stored in the user's computer by visiting a website that runs a Flash application.
ezux_lpl_14371	www.jqueryscript.net	Used by the analytics and personalization company, Ezoic, to record the time that you loaded the last page on this website.
ezohw	www.jqueryscript.net	used by the analytics and personalization company, Ezoic, to store the pixel size of your browser to help personalize your experience and ensure content fits.
__utmz	www.jqueryscript.net	Used to distinguish users and sessions. The cookie is created when the javascript library executes and no existing __utma cookies exists. The cookie is updated every time data is sent to Google Analytics.
ezds	www.jqueryscript.net	Used by the analytics and personalization company, Ezoic, to store the pixel size of your screen to help personalize your experience and ensure content fits.
ezCMPCCS	www.jqueryscript.net	a useful tool for various things (marketshare metrics, finding cookie stuffers, etc.)
__qca	www.jqueryscript.net	The _qca cookie may use your "computer's IP address, pixel code, referring HTTP location, current HTTP location, search string, time of the access, browser's time, any searches made on the applicable website, and other statistics" in order to "analyze Log Data from different websites and combine it with other non Personally Identifiable Information to produce the Reports that are made available on the Quantcast.com Site, to enable web publishers and advertisers to deliver audience segments that are appropriate for their products or services."
exp_last_activity	.airspacegallery.org	Every time the state is updated (the page reloaded) the last activity is set to the current datetime. Used to determine expiry. This is essential for logged in users, but not for guests - it is set for both.
ezosuigenesis	www.jqueryscript.net	Used by the analytics and personalization company, Ezoic, to uniquely identify you across different websites on the internet so your experience can be customized.
exp_last_visit	.airspacegallery.org	Sets the datetime that the user last visited the site, and is set for both guests and logged in users. If not set, is automatically set to 10 years ago. Affects guests and logged in users.
exp_sessionid	.airspacegallery.org	a uniquely generated ID that corresponds to the session_id column in the exp_session table. Used when cookie and session are set as the session type. Used only for logged in members
__utma	.airspacegallery.org	Used to distinguish users and sessions. The cookie is created when the javascript library executes and no existing __utma cookies exists. The cookie is updated every time data is sent to Google Analytics.
_gid	.airspacegallery.org	this cookie is used to group the user behaviour together for each user.
__atssc	www.jqueryscript.net	Enables website visitors to share airspace content via social media.

__utma	www.jqueryscript.net	Used to distinguish users and sessions. The cookie is created when the javascript library executes and no existing __utma cookies exists. The cookie is updated every time data is sent to Google Analytics.
fcpersistslider1	.airspacegallery.org	Is used in the image slideshow/galleries. The cookie remembers the last slide you viewed, so if you go to another page but then return back to the homepage, the last slide which you saw will be shown first. This means it won't show you all the previous slides and will continue the cycle from the last slide you saw.
_gat_gtag_UA_171501672_1	.airspacegallery.org	a google analytics tag to monitor traffic levels, search queries and visits to this website. Google Analytics stores IP address (anonymously) on its servers, and neither AirSpace or Google associate your IP address with any personally identifiable information.
